

DOOM

4-D Solvent-Based Weed Killer

- DOOM is an EPA-registered, solvent-based weed killer that combines 2,4-D and Bromacil for powerful and effective weed control.
- This non-selective herbicide rapidly kills the top growth of all weeds and prevents future growth for up to one year.
- The product features a unique upside-down valve, making it easy to apply directly to targeted areas, ensuring precise application.

CS 101

Roach & Ant Spray with Cherry Fragrance

- CS 101 is a powerful, EPA-registered crack and crevice insecticide designed for quick and effective pest control.
- Formulated with ETOC for fast knockdown, this solvent-based spray kills a broad spectrum of insects on contact.
- Provides up to 7 weeks of residual killing action.
- With a pleasant cherry fragrance, CS 101 not only eliminates pests but also leaves the treated area smelling fresh.

QUE-429..... 16 Oz. Aerosol 12/Case

BUG BAN

Personal Insect Repellent

- BUG BAN is an EPA-registered, USDA-authorized personal insect repellent that contains 14.25% DEET.
- This powerful formula effectively repels mosquitoes, biting flies, chiggers, and ticks, offering protection from insects that may carry diseases such as Zika Virus, West Nile Virus, and Encephalitis.
- Allows for 360-degree application, and the non-oily formula ensures that it won't stain clothing. The convenient 8 oz. can is easy to carry, making it ideal for outdoor work and activities.

QUE-435..... 6 Oz. Aerosol 12/Case

CORNERSTONE 5 PLUS

Herbicide

- A post-emergence, systemic herbicide designed for broad-spectrum control of many annual and perennial weeds, woody brush, and trees.
- This non-selective herbicide is formulated as a water-soluble liquid and offers no soil residual activity.
- Can be applied using most standard industrial or field sprayers after dilution and thorough mixing with water or other carriers as per label instructions.

AND INFESTATIONS

DYNAMO

Wasp & Hornet Killer

- DYNAMO is an EPA-registered, residual insecticide designed for fast and effective control of hornets, wasps, yellow jackets, and bees that kills on contact and continues to eliminate insects as they return to the nest.
- With a dielectric strength of 47,300 volts and a jet spray that reaches up to 20 feet, DYNAMO offers a safer application method, keeping you at a distance from the nest while still achieving precise results.
- Forms a barrier that prevents insects from entering homes, making it suitable for both indoor and outdoor use.

QUE-4420..... 12 Oz. Aerosol 12/Case

SMOKE 'EM

Dry Fog Flying & Crawling Insect Killer

- SMOKE 'EM is an EPA-registered, water-based insecticide engineered to be one of the most powerful solutions available for controlling a wide range of flying and crawling insects.
- Effectively kills flies, mosquitoes, gnats, midges, wasps, hornets, ants, cockroaches, spiders, bedbugs, and flying moths (millers) on contact.
- Dry fogging action allows it to cover large areas quickly and efficiently, making it ideal for use in various settings, including food processing areas.
